# Our memories

# ***Words from our boys***

Being a Hildan Hockey Player to me is something precious. It is more than just winning competitions; it is about self-improvement such as honing my game skills and improving my confidence. Hildan Hockey has taught me responsibility, resilience, leadership and sportsmanship. Hockey is more than a CCA to me: I have good teammates and excellent seniors who guided me through the first two terms when I just started. Sec 1 is unfamiliar and I was new to the environment. Hockey is my safe space to destress and I also have an opportunity to cultivate my leadership skills. It has been my hobby over the years and I feel proud when I don the jersey to play for the school

# ***Words from our boys***

I believe that being in Hildan Hockey helps mostly with my character development, especially discipline. This CCA has given me opportunities that I could not have imagined. I was nervous when I was selected as captain for this year's C division but I am thankful. I followed my coaches and teachers advice and do my best as a captain to lead the team. I've developed my confidence as a CCA leader, and I am extremely proud to be leading the team.
